

noel

Swivel bar stool with upholstered seat and metal base. Its advantage is in the height-adjustable mechanism which allows it to adapt to different heights of desks. It fits fantastically in a home kitchen or behind the bar table of your favourite bar.

TECHNICAL SPECIFICATIONS

Base	metal with Stabilus gas spring, height adjustment from 45cm to 82cm, two types of footrest are available (square and T-shaped)
Seat with backrest	frame made of plywood, elastic straps, high-quality HR filling material
Material	you can choose between 350 samples of fabric and leather
